

changes i have done;

1- test for processing function .

2-add url to README file.

3-eslint config file

but prettier i t works with me

```
C:\Windows\System32\cmd.exe

C:\Users\fb0r-4\Desktop\udacity-image-processing-api>npm run prettier
npm WARN config global '--global', '--local' are deprecated. Use '--location=global' instead.

> udacity-image-processing-api@1.0.0 prettier
> prettier --config .prettierrc "./src/**/*.ts" --write
